SKILLS

Skill	Level
HTML	80%
CSS	80%
JAVASCRIPT	70%
REACT.JS	65%
REACT NATIVE	45%
SWIFT/SWIFTUI	45%

QUALIFICATIONS

- Knowledge in HTML and CSS working with Grid, Flexbox, animations
- Knowledge of JavaScript such as DOM manipulation and requests via Fetch API, all the new features of new versions of JavaScript, such as arrow functions, promises and more.
- Knowledge in React.Js such as Hooks, React Router, useContext, CSS Modules, PropTypes, Components, Functionals, Properties, Events, in addition to reducing and optimizing NPM.
- Learning and practicing React Native to enter the hybrid mobile world.
- Learning and practicing Swift to enter the native mobile world, as I have a passion for Apple products.

ACTIVITIES / CURIOSITIES

I am a self-taught musician, when I was 7 years old I learned to play the drums by myself and started playing in a band at the Igreja Assembleia de Deus in Pato Branco, Paraná. I currently play 4 instruments and sing, learning everything by myself, without a course or class. I also studied and entered the audiovisual field, editing videos, making animations and so on.
